Rick and Cathlene-

Attached, you will find five spreadsheets with our budget amendments. On two of the spreadsheets (Hintz\_Higher Education Omnibus & Hintz\_Health Omnibus), you will notice that a couple of the items are in bold. Those are in bold because I will need to speak to you about those Thursday afternoon sometime. In addition, I may have one addition to the Hintz\_Health Omnibus amendment. I will also contact you tomorrow on that piece either way.

Please let me know if you have any questions or need clarification on any of these items. If I am not in the office, I can also be reached on my cell phone at 414-559-7094.

Thank you very much,

for the course, if any. Require the State Superintendent to develop guidelines to assist school districts and participating private schools in making these determinations, in cooperation with the WTCS System Board and the district boards. Require the school board or governing body to notify the student of its determinations, in writing, before the beginning of the semester in which the student will be enrolled. Provide that a public school student may appeal a school board's decision to the State Superintendent within 30 days after the decision, and that the State Superintendent's decision would be final and not subject to review under current law governing administrative actions and judicial review. Provide that a student attending a participating private school may appeal the decision to the governing body of the private school within 30 days after the decision.

Require each district board to implement the program no later than 30 days after the effective date of the bill. If the district board has already received payments of fees under the current law program for the first semester beginning after the effective date of the bill, require the district board to refund all such fees received.

Under current law, juniors and seniors enrolled in a public high school may take technical college courses under a dual enrollment program specific to WTCS. Under the program, a student does not pay for a college course if the district determines the course qualifies for high school credit and is not comparable to a course offered in the district. If approved by the district, the student can receive both high school and college credit upon successful completion of the course.

[Bill Sections: 375 thru 379, 381, and 384]

#### 5. NONRESIDENT TUITION EXEMPTION FOR UNDOCUMENTED INDIVIDUALS

**Governor:** Specify that a person who is a citizen of a country other than the United States would be considered a resident of Wisconsin for the purposes of technical college admission and tuition if he or she meets all of the following requirements: (a) the person graduated from a high school in this state or received a declaration of equivalency of high school graduation from this state; (b) the person was continuously present in this state for at least three years following the first day of attending a high school in this state or immediately preceding receipt of a declaration of equivalency of high school graduation; and (c) the person enrolls in a technical college district school and provides the district board with proof that the person has filed or will file an application for a permanent resident visa with U.S. Citizenship and Immigration Services as soon as the person is eligible to do so. Specify that this provision would first apply to individuals who enroll for the semester or session following the effective date of the bill.

[Bill Sections: 382 and 9342(2)]

#### 6. MODIFY STATUTORY REFERENCES TO INDIVIDUALS WITH DISABILITIES

**Governor:** Delete statutory references to "the handicapped," and instead use the term "individuals with disabilities" or "students with disabilities."

[Bill Sections: 374, 383, and 385]

in this state for at least three years following the first day of attending a high school in Wisconsin or immediately preceding receipt of a declaration of equivalency of high school graduation; and (c) the person enrolls in an institution and provides that institution with proof that the person has filed or will file an application for a permanent resident visa with U.S. Citizenship and Immigration Services as soon as the person is eligible to do so. Specify that this provision would first apply to persons who enroll for the semester or session following the effective date of the bill.

Current law allows the Board of Regents to charge different tuition rates to resident and nonresident students. Current law also includes nonresident tuition exemptions, under which certain nonresident students pay resident tuition rates. The bill would create an additional nonresident tuition exemption for a person who is not a legal permanent resident of the United States and who meets the criteria specified in the bill.

[Bill Sections: 364 and 9347(2)]

## 11. SUPPLEMENTAL PAY PLAN AND PERFORMANCE

**Governor:** Specify that, during the 2019-21 biennium, the Board of Regents may provide supplemental pay plans, in addition to the 2019-21 state compensation plan, for all of its employees, other than employees assigned to UW-Madison. In addition, specify that, during the 2019-21 biennium, the Chancellor of UW-Madison may provide supplemental pay plans, in addition to the 2019-21 state compensation plan, for all employees assigned to UW-Madison. Require the Chancellor to submit the supplemental pay plans to the Board of Regents and implement them only with the approval of the Board. Further, prohibit the Board from requesting supplemental funding to pay the costs of the supplemental pay plans, and prohibit the Board from requesting any funding of increases in salary and fringe benefit costs provided in these plans through the UW System agency budget request. Additionally, specify that, for each fiscal year of the 2019-21 biennium, instead of allocating \$26,250,000 for performance based funding, the Board of Regents may allocate all or a portion of that amount to fund the supplemental pay plans allowed under the bill. If the Board allocates a portion of that amount for supplemental pay plans, the Board is required to allocate the remainder to distribute to institutions under the performance based formula. The \$26,250,000 GPR for performance based funding is included in the annual base budget of the UW System.

[Bill Section: 9147(2)]

## 12. PERFORMANCE FUNDING ALLOCATIONS

**Governor:** Modify the current performance funding program to provide that any university, including any branch campus associated with the university as a result of the UW system restructuring, any operational unit of the UW-Madison assigned former functions of the UW-Extension as a result of the system restructuring, and any operational unit of System Administration assigned former functions of the UW-Extension as a result of the system restructuring are included as "institutions" for the purposes of the allocation of performance funding. Define "system restructuring" as the system's restructuring plan approved by the Higher

UNIVERSITY OF WISCONSIN SYSTEM

Omnibus Motion

Motion:

Move to include the following items:

1. **Standard Budget Adjustments.** Modify the base budget by \$2,892,600 GPR in 2019-20 and \$2,970,400 GPR in 2020-21 for: (a) full funding of continuing position salaries and fringe benefits (\$2,829,800 annually); and (b) full funding of lease and directed moves costs (\$62,800 in 2019-20 and \$140,600 in 2020-21).

2. **Resident Undergraduate Tuition Freeze (Paper #755).** Prohibit the Board of Regents of the UW System from charging resident undergraduates enrolled in an institution or college campus in the 2019-20 or 2020-21 academic year more in tuition than it charged resident undergraduates enrolled in that institution or college campus in the 2018-19 academic year. Provide \$16,800,000 GPR in 2019-20 and \$33,600,000 GPR in 2020-21. Beginning in the 2013-15 biennium, each biennial budget act has prohibited increases in resident undergraduate tuition rates. It is estimated that a 1% increase in resident undergraduate tuition would result in an increase in tuition revenues of approximately \$8.4 million. The funds provided under the motion are intended to replace resident undergraduate tuition revenue which could have been generated based on a tuition increase of 2% in each year of the biennium.

3. **Student Success and Attainment (Paper #756).** Provide \$20,000,000 GPR in 2019-20 and \$25,000,000 GPR in 2020-21 in the UW System's general program operations appropriation. Require the Board of Regents to allocate this funding to advance student success and attainment. Initiatives supported by this funding could include time to degree, advising, and participation in internships, undergraduate research, and community partnerships.

4. **Nurse Educators (Paper #757).** Provide \$10,000,000 GPR in 2019-20 in a new continuing appropriation for a nurse educators program under the Higher Educational Aids Board (HEAB). Require HEAB to establish a nurse educator program that provides: (a) fellowships to students who enroll in programs for degrees in doctor of nursing practice or doctor of philosophy in nursing for students attending a UW System institution or a private, non-profit college or university located in the state of Wisconsin; (b) postdoctoral fellowships to recruit faculty for nursing programs; and (c) educational loan repayment assistance to recruit and retain faculty for nursing programs. Specify that the program require individuals who receive fellowships or loan repayment assistance under the program to make a commitment to teach for three consecutive years in a nursing program
