## 2017 SENATE BILL 141

SA -  
Xref -  
Ref -

March 29, 2017 - Introduced by Senators CARPENTER, C. LARSON, WIRCH, BEWLEY, RINGHAND and MILLER, cosponsored by Representatives SARGENT, HORLACHER, SPREITZER, ANDERSON, BERCEAU, MILROY, SINICKI, POPE, KOLSTE, VRUWINK, C. TAYLOR, BILLINGS, WACHS, YOUNG, BOWEN, SUBECK and CONSIDINE. Referred to Committee on Government Operations, Technology and Consumer Protection.

1 **AN ACT to create** 66.0602 (3) (e) 10. and 121.91 (4) (om) of the statutes; **relating**  
2 **to:** revenue limit adjustment for a school district for costs incurred to remediate  
3 lead contamination in drinking water and exceptions from local levy limits for  
4 lead pipe water service line replacement purposes.

### *Analysis by the Legislative Reference Bureau*

This bill creates a revenue limit adjustment for a school district that incurs costs to remediate lead contamination in water used for drinking and food preparation in the school district, including costs to test for the presence of lead in the water, provide potable water, and replace pipes, drinking fountains, and plumbing fixtures. Current law generally limits the total amount of revenue per pupil a school district may receive from general school aids and property taxes in a school year to the amount of revenue received per pupil in the previous school year. Under the bill, a school district that adopts a resolution to undertake a project to remediate lead contamination may increase its revenue limit by the amount the school district spends on the improvements in a school year, including amounts spent for debt service on a bond, note, or state trust fund loan used to finance the project. The term of the bond, note, or trust fund loan may not exceed 20 years.

This bill also creates an exception to the levy limits for cities, villages, towns, and counties for amounts levied for purposes related to the replacement of lead pipe water service lines owned by the political subdivision.

Generally under current law, local levy limits are applied to the property tax levies that are imposed in December of each year. Current law prohibits any political

**SENATE BILL 141**

subdivision from increasing its levy by a percentage that exceeds its "valuation factor," which is defined as the greater of either zero percent or the percentage change in the political subdivision's equalized value due to new construction, less improvements removed. In addition, the calculation of a political subdivision's levy does not include any tax increment that is generated by a tax incremental district.

Current law contains a number of exceptions to the levy limit, such as amounts a county levies for a countywide emergency medical system, for a county children with disabilities education board, and for certain bridge and culvert construction and repair. In addition, a political subdivision may exceed the levy limit that is otherwise applicable if its governing body adopts a resolution to do so and if that resolution is approved by the electors in a referendum.

This bill creates another exception to local levy limits. Under the bill, amounts levied by a political subdivision for purposes related to certain lead pipe water service lines do not apply to the levy limit that is otherwise applicable. The bill first applies to a levy that is imposed in December 2017.

For further information see the *local* fiscal estimate, which will be printed as an appendix to this bill.

*The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:*

*#, Page 376, line 7: After that line insert:*

1       " SECTION 1. 66.0602 (3) (e) 10. of the statutes is created to read:

*790r*

2       × 66.0602 (3) (e) 10. The amount that a political subdivision levies in that year  
3       for purposes related to the replacement of lead pipe water service lines owned by the  
4       political subdivision. //

*#, Page 424, line 10: After that line insert:*

5       " SECTION 2. 121.91 (4) (om) of the statutes is created to read:

*1742c*

6       × 121.91 (4) (om) 1. If a school board adopts a resolution to do so, the limit  
7       otherwise applicable to a school district under sub. (2m) in any school year is  
8       increased by the amount spent by the school district in that school year on a project,  
9       including the payment of debt service on a bond or note issued, or a state trust fund  
10      loan obtained, to finance the project, to remediate lead contamination in water used  
11      for drinking or food preparation in the school district. In this subdivision, the  
12      amount spent by the school district includes costs incurred by the school district to  
13      test for the presence of lead in water used for drinking or food preparation in school

**SENATE BILL 141**

1 buildings in the school district, <sup>to</sup> install a lead filtration device on a water fountain or  
 2 tap used to provide water used for drinking or food preparation, <sup>to</sup> provide potable  
 3 water to affected school buildings during remediation, and, if necessary, to replace  
 4 drinking fountains, pipes, solders, pipe fittings, and plumbing fixtures to and within  
 5 affected school buildings in the school district. The term of a bond or note issued or  
 6 state trust fund loan obtained to finance a project under this subdivision may not  
 7 exceed 20 years. If a school board issues a bond or note or obtains a state trust fund  
 8 loan to finance a project described in this subdivision, a resolution adopted by a  
 9 school board under this subdivision is valid for each school year in which the school  
 10 board pays debt service on the bond, note, or state trust fund loan.

11 2. Any additional revenue received by a school district under this paragraph  
 12 shall not be included in the base for determining the school district's limit under sub.  
 13 (2m) for the following school year. "

**SECTION 3. Initial applicability.**

14 *#. Page 505, line 25: After that line insert:*  
 15 " ~~(3)~~ The treatment of ~~section 66.0602 (3) (e) 10.~~ <sup>n.A.</sup> of the statutes first applies to  
 16 a levy that is imposed in December ~~2017.~~ <sup>2019</sup> "
