***Analysis by the Legislative Reference Bureau***

This bill requires a political subdivision (a city, village, town, or county), the state, the Board of Regents of the University of Wisconsin System (board), and Marquette University to pay health insurance premiums for the surviving spouse and dependent children of a law enforcement officer or emergency medical services practitioner who dies in the line of duty if the political subdivision, state, board, or

university paid such premiums for the law enforcement officer or emergency medical services practitioner while he or she was employed by the political subdivision, state, board, or university. The requirement does not apply to a surviving spouse who remarries or reaches the age of 65, or to a surviving child after he or she reaches the age of 26. Current law provides similar benefits to the surviving spouse and dependent children of a fire fighter who dies, or has died, in the line of duty if the municipality (city, village, or town) paid such premiums for the fire fighter while he or she was employed by the municipality.

Also, under the bill, if a political subdivision pays such health insurance premiums, the political subdivision must report the amount to the Department of Revenue. DOR will increase the political subdivision's county and municipal aid payment by the amount of the health insurance premium reported to DOR. DOR will adjust the amount of county and municipal aid payments to all political subdivisions to reflect the increased payments to those that report the premiums.
