Hi Mark,

We are looking for an amendment to SB 266 that would add in Code Officials who are working with first responders who die during an accident. We would need it as soon as we could, as session is tomorrow. I've included the email that we received prompting this amendment. Please let us know if you have any questions. Thank you!

Good Afternoon Representative Hebl (Gary)-  
I wanted to take a minute to ask if you would consider an amendment to SB 266 regarding the payment of health care premiums for certain public safety officials killed in the line of duty.

On the night of July 10, 2018, I was working in tandem with the Sun Prairie Fire Marshal evacuating homes following the gas leak and explosion. Had tragedy struck twice, under this proposal the Fire Marshal would receive this benefit yet the Code Official (Building Inspector) would not.

I could site other examples of inspectors and code officials who have given the ultimate sacrifice and as such I would respectfully ask that this benefit be extended to the many Code Officials who each and every day are placing themselves in harm's way protecting the health and wellbeing of the citizens of Wisconsin. They are an equal partner in the public safety arena and should be protected as such.

Thank you in advance for your time and consideration.

Sincerely,

**Brian Flannery, Director**
