23 coronavirus.

1 2. “Public health emergency” means the public health emergency declared on
2 March 12, 2020, by executive order 72, including any extension under s. 323.10.

3 (b) *Critical workforce child care grant program.*

4 1. In this paragraph:

5 a. “Critical workforce member” means an employee, contractor, or other staff
6 person working in a vital sector, including health care; child welfare; long-term care;
7 residential care; pharmacy; child care; government operations; critical
8 infrastructure, such as sanitation, transportation, utilities, telecommunications,
9 grocery, and food services; supply chain operations; and other sectors as determined
10 by the department of children and families.

11 b. “First responder” means an employee of or volunteer for an agency that
12 provides fire fighting, law enforcement, medical, or other emergency services.

13 2. The department of children and families may make grants available to
14 entities that employ, contract with, or have as volunteers critical workforce members
15 to help pay for or reimburse critical child care costs. Eligible child care costs are those
16 child care costs that are due to the pandemic and that are incurred during the public
17 health emergency. Critical child care costs include the cost to establish a temporary
18 facility to provide care and supervision for children of critical workforce members or
19 the cost to pay for a slot in an existing facility that provides care and supervision of
20 children. The department shall prioritize grants that assist health care workers and
21 first responders and may award grants that assist other critical workforce members
22 at its discretion.

23 3. The department of children and families may make grants available to child
24 care providers certified under s. 48.651, child care centers licensed under s. 48.65,
25 provisionally licensed under s. 48.69, or established or contracted for under s. 120.13

1 (14), and individual educators to pay for providing care and supervision for children
2 of critical workforce members during the public health emergency. The department

8 48.69, or established or contracted for under s. 120.13 (14), and individual educators
9 to pay for providing hazard pay to employees who work during the public health
10 emergency. Whether or not a child care center, child care provider, or individual
11 educator provides child care services to individuals who are eligible for subsidies
12 under s. 49.155 does not impact eligibility for grants under this paragraph.

13 (d) *Grant program for closure of child care centers or providers.* The
14 department of children and families may make monthly grants available to child
15 care providers certified under s. 48.651 and child care centers licensed under s. 48.65,
16 provisionally licensed under s. 48.69, or established or contracted for under s. 120.13
17 (14) that cease operating because of the pandemic during the public health
18 emergency. Grants under this paragraph may be made only to cover costs of lost
19 revenue from child care services that would otherwise have been provided to
20 individuals who are not eligible for child care subsidies under s. 49.155 and only if
21 those individuals are not charged for child care services while the child care provider
22 or child care center is closed during the public health emergency.

23 (e) *Program criteria and guidelines.* The department of children and families
24 may establish eligibility criteria and guidelines for administering the programs
25 under pars. (b) to (d), which, notwithstanding ss. 227.01 (3m) and (13), 227.10, and

2 documents, and are not subject to the requirements of s. 227.112.

3 (f) *Expanded Wisconsin Shares program.*

4 1. Notwithstanding programmatic and eligibility requirements under s. 49.155
5 and rules promulgated under that section, to the extent authorized under a plan
6 amendment, waiver, or other federal approval under subd. 2., the department of
7 children and families may expand eligibility so that an individual who needs child
8 care services due to the pandemic may receive a subsidy under s. 49.155 for child care
9 services received during the public health emergency.

10 2. No later than 60 days after the effective date of this subdivision, the
11 department shall submit to the federal department of health and human services
12 any request for a state plan amendment, waiver, or other federal approval necessary
13 to expand eligibility, as determined by the department, for the child care subsidy
14 program under s. 49.155 to individuals who need child care services due to the
15 pandemic. If the federal department approves the request or if no federal approval
16 is necessary, the department may expand eligibility for the child care subsidy
17 program under s. 49.155 as provided under subd. 1. If the federal department
