Fiscal Estimate Narratives

DOR 2/11/2019

LRB Number	19-1220/1	Introduction Number	AB-14	Estimate Type	Original
Description an income and franchise tax credit for paid interns and making an appropriation					

Assumptions Used in Arriving at Fiscal Estimate

The bill creates a refundable tax credit of \$2,500 for every paid intern a business employs in the state of Wisconsin, up to 40 interns. The definition of intern excludes migrant workers and individuals employed by seasonal employers or temporary help companies. The intern must be employed for at least 8 weeks, but not longer than 52 weeks. This bill would take effect for taxable years beginning on or after January 1, 2019.

Fiscal Estimate

Based on information provided by the National Association of Colleges and Employers and the Bureau of Economic Analysis, there are 8,700 paid internships in Wisconsin. The definition of "intern" in the bill would include apprenticeships as well. According to the Wisconsin Department of Workforce Development, there are 11,100 paid apprenticeships in Wisconsin that could qualify for the tax credit. The estimate assumes a 2% growth rate for interns and a 3% growth rate for apprenticeships. This bill would increase expenditures by \$12.7 million for FY 2019, \$51.3 million for FY 2020, and \$52.6 million for FY 2021.

This estimate may increase to the extent that summer employment is eligible or decrease depending on whether summer internships are determined to be seasonal jobs.

This estimate may decrease depending on the number of businesses that employ more than 40 interns during the year.

Long-Range Fiscal Implications
