Assumptions Used in Arriving at Fiscal Estimate

The bill prescribes that a state agency may not promulgate a rule or take an action that imposes a mandate and that a state agency shall not take an action required by law if the action would impose a mandate, unless there is a sufficient amount to fund the mandate. Under this bill, affected local governments would be reimbursed annually for the approximate costs attributable to state-imposed mandates.

Fiscal Effect

The fiscal estimate of retroactively reviewing rules with economic impacts that affect municipalities and requiring the agency to reimburse the impacted municipalities will be potentially significant. However, the cost is difficult to accurately estimate and is therefore characterized as indeterminate.

For reference purposes, between June 2016 and May 2019, approximately 3 rules with moderate economic impacts (greater \$50,000 but less than \$20 million per year) on municipalities and other entities have been proposed by the Department and promulgated by the State. These are rules that are wholly state imposed and not required by the federal government.
