## Fiscal Estimate Narratives

LRB Number	<b>19-2897/1</b>	Introduction Number	<b>AB-0299</b>	Estimate Type	<b>Original</b>
<b>Description</b> including with the property tax bill information state aid reduction to school district					

### Assumptions Used in Arriving at Fiscal Estimate

The bill requires property tax bills to include information from the school district where the property is located regarding the amount of any gross reduction in state aid to the district as a result of pupils enrolled in the statewide choice program, the Racine choice program, the Milwaukee choice program, or as a result of making payments to private schools under the special needs scholarship program.

The local fiscal effect is indeterminate as the department does not have programming, printing, and mailing costs related to property tax bills. Under the bill, local governments will have to update their programming to accommodate the additional information; the current property tax bill does not have space to display the school choice information without going to multiple pages. Local governments will also have to create a process to collect the school choice information from the Department of Public Instruction.
