Assumptions Used in Arriving at Fiscal Estimate

This bill raises the age to purchase cigarettes, tobacco products, or nicotine products from 18 to 21 years old. This bill also requires that a person is at least 21 years old to purchase vapor products.

There is a current law penalty for providing cigarettes, tobacco, or nicotine products to any person under 18. The maximum penalty is \$10,000 and/or nine months in jail under certain circumstances. This bill extends the penalty to include vapor products and raises the age from 18 to 21. No person has been sentenced to DOC supervision under the current penalty and it is not anticipated that the proposed changes will have an impact on the DOC population.
