

**Fiscal Estimate Narratives**

**DATCP 1/30/2020**

LRB Number <b>19-4138/1</b>	Introduction Number <b>AB-0574</b>	Estimate Type <b>Original</b>
<b>Description</b> creating a task force on native pollinator health		

**Assumptions Used in Arriving at Fiscal Estimate**

This bill creates a task force on native pollinator health and to report its findings and recommendations to the legislature no later than December 31, 2020. The Wisconsin Department of Agriculture, Trade and Consumer Protection (DATCP) is required to appoint five voting members and assist the task force in the performance of its duties.

The fiscal effect for DATCP is indeterminate. DATCP anticipates incurring costs for serving on the task force and also assisting the task force. DATCP is not able to estimate the overall costs due to unknown factors such as how often the task force will meet, where the task force will meet and how much staff time will be dedicated to assisting the task force in meeting the requirements established in the bill. DATCP will be able to absorb the costs within its allotted budget.

**Long-Range Fiscal Implications**
