Description distribution of the aid payment for personal property upon termination of a tax incremental district					

Assumptions Used in Arriving at Fiscal Estimate

Current law provides each municipality, county, school district, special purpose district, tax incremental district, and technical college district with a state aid payment for personal property taxes that the taxing jurisdictions would have collected on tax exempt nonmanufacturing machinery, tools, and patterns. Under current law, payments to tax incremental districts cease once the district closes. Under the bill, when a tax increment district closes, the personal property aid payment will be distributed to the municipality and applicable taxing jurisdictions.

Under current law, personal property aid costs decrease when a TID closes and the payment ceases. Under the bill, personal property aid payments will not decrease as TIDs close. This results in higher aid payments compared to current law, though the aid payment will not increase beyond prior year levels. Estimated 2020 personal property aid payments will increase by \$517,900 for TIDs closed in 2019 compared to current law. 2020 personal property aid payments to tax incremental districts are currently estimated at \$14,835,700.
