Description
 the creation of a local exposition district by the City of Superior

Fiscal Effect

State:

- No State Fiscal Effect
- Indeterminate
- Increase Existing Appropriations
- Decrease Existing Appropriations
- Create New Appropriations
- Increase Existing Revenues
- Decrease Existing Revenues
- Increase Costs - May be possible to absorb within agency's budget
 - Yes No
- Decrease Costs

Local:

- No Local Government Costs
- Indeterminate
- 1. Increase Costs Permissive Mandatory
- 2. Decrease Costs Permissive Mandatory
- 3. Increase Revenue Permissive Mandatory
- 4. Decrease Revenue Permissive Mandatory
- 5. Types of Local Government Units Affected
 - Towns Village Cities
 - Counties Others Expo District
 - School Districts WTCS Districts

LRB Number	19-0808/1	Introduction Number	SB-157	Estimate Type	Original
Description the creation of a local exposition district by the City of Superior					

Assumptions Used in Arriving at Fiscal Estimate

The bill permits the City of Superior to establish a local exposition district similar to that of the Milwaukee Exposition District. The district would be permitted to impose a food and beverage tax of 0.25% of 0.5% and a room tax subject to a maximum rate of 2.0%. The room tax would be in addition to any room tax imposed by the City of Superior.

The local fiscal effect depends on the taxes imposed and the rates set by the district.

Based on the ratio of food and beverage tax collections to general county sales tax collections in Milwaukee County, US Census Bureau information on the share of county retail sales that occur within the city, and county sales tax collections for Douglas County, the department estimates that a 0.5% food and beverage tax could generate roughly \$474,000 for the City of Superior.

Based on current room tax collections and rates in Superior, the department estimates that a 2.0% room tax would generate \$178,000 for the City of Superior.

The bill would result in a one-time administrative cost of \$20,160 to update the state's tax processing system. Under current law, the department administers the local food and beverage tax with the support of a 2.55% administrative fee. Ongoing administrative costs of \$7,000 for postage, supplies, and other expenses would be covered by the fee revenue. Assuming a 0.5% tax generates \$474,000 on an annual basis, the administrative fee revenue would be approximately \$12,000. A lower tax rate or lower than estimated revenues would result in lower administrative fee revenue.

Long-Range Fiscal Implications
