<b>Description</b> driver education instruction on human trafficking					

### Assumptions Used in Arriving at Fiscal Estimate

This bill, as enrolled, requires a commercial motor vehicle operator course to provide instruction on the recognition and prevention of human trafficking. The Department of Justice is required to establish industry-specific materials for use in the instruction, in consultation with the Technical College System Board and the Department of Transportation.

The department will be able to absorb the workload related to the consultation and development of instructional materials within existing resources.

### Long-Range Fiscal Implications
