Fiscal Estimate Narratives

DNR 6/24/2019

LRB Number 19-1652/2	Introduction Number SB-300	Estimate Type Original
Description establishing a tick-borne disease study committee		

Assumptions Used in Arriving at Fiscal Estimate

The bill creates a Tick-borne Disease Study Committee, which would include the DNR secretary or the secretary's designee. The committee would be charged with studying issues involving awareness, prevention, surveillance, diagnosis, reporting, and treatment of Lyme disease and other tick-borne diseases and submits a report containing policy recommendations to the legislature within three years after the bill takes effect.

Fiscal Effect

For the 3-year period after bill takes effect, the Department would incur indeterminate staffing and travel-related costs for the secretary's designee to attend committee meetings and to assist with the preparation and/or review of the legislative report.

Long-Range Fiscal Implications
