Assumptions Used in Arriving at Fiscal Estimate

This bill requires the state registrar to issue, if available, an unredacted copy of a report of adoption or similar form developed by the Department of Health Services if the requester is the subject of the report of adoption and at least 21 years old and if 1) the requester's birth parent's rights have been terminated in this state; 2) the requester was adopted in this state with the consent of their birth parent(s) before February 1, 1982; or (3) the requester was born to a surrogate mother and a court determined parental rights over the requester. Currently, no such provision exists.

To comply with the requirements of this legislation, the Department anticipates a one-time cost of \$1,500 PR to develop the form. This cost can be absorbed internally.
