Description creating a task force on native pollinator health		

Assumptions Used in Arriving at Fiscal Estimate

WisDOT has been growing its knowledge of pollinator issues through the research and work of the landscape section of the Bureau of Highway Maintenance. Additionally, the department has been involved in other collaborative efforts regarding pollinators. The department estimates its commitment to this task force will be approximately 200 hours with a cost of \$43/hour for salary and fringe. Responsibilities created by this proposed legislation could be folded into existing workflow.
