

## Fiscal Estimate Narratives

DPI 1/27/2020

LRB Number	<b>19-5214/1</b>	Introduction Number	<b>SB-660</b>	Estimate Type	<b>Original</b>
<b>Description</b> teacher licensure in parental choice programs and in the Special Needs Scholarship Program and granting rule-making authority					

### Assumptions Used in Arriving at Fiscal Estimate

With certain exceptions, this bill requires that, beginning on 1 July 2022, teachers at private schools participating in a parental choice program or in the Special Needs Scholarship Program (SNSP) must hold a license or permit issued by DPI. Under current law, teachers at choice schools must have at least a bachelor's degree, but they are not required to be licensed by DPI. There are no current law requirements regarding who may teach at SNSP schools.

The bill provides an exception for teachers solely of rabbinical studies. Additionally, the bill provides a grace period for a teacher who has been teaching for at least the five consecutive years immediately preceding 1 July 2022. The teacher must apply for a temporary, nonrenewable waiver of the licensure requirement and submit a plan for becoming licensed as required under the bill (LRB).

State: Indeterminate

The impact on this bill is indeterminate for two reasons: 1) while DPI will increase revenues from licensing fees, departmental resources will concurrently go toward issuing the licenses; and 2) the number of new applicants for licenses cannot be reliably estimated because data regarding the licensure status of teachers in private schools in Wisconsin is not collected by DPI.

As the bill does not provide the Department with additional resources to issue the newly required licenses, the Department would have to absorb the additional work with existing staff.

### Long-Range Fiscal Implications
