LRB Number	19-5545/1	Introduction Number	SB-772	Estimate Type	Original
Description					

PFAS standards and grant programs, providing blood testing for certain individuals, requiring a cancer cluster study, extending the time limit for emergency rule procedures, providing an exemption from emergency rule procedures, and granting rule-making authority

Assumptions Used in Arriving at Fiscal Estimate

The bill would require the UW System Board of Regents to provide a grant to a campus designated by the board to conduct research into technologies for destroying PFAS.

The bill would also contain numerous other provisions for other agencies relating to PFAS.

Long-Range Fiscal Implications

The bill states that the UW System shall provide a grant to a campus. Because the UW System can determine the amount of the grant, the UW System would be able to absorb the grant within its budget.
