

Fiscal Estimate Narratives

DOT 3/10/2020

LRB Number	19-5740/1	Introduction Number	SB-865	Estimate Type	Original
Description when motor vehicle lamps are required to be lighted					

Assumptions Used in Arriving at Fiscal Estimate

- 1) There would be no additional costs to motorists since all vehicles must be equipped with the headlamps and tail lamps referred to in the proposal.
- 2) Though it is not possible to estimate the number of these violations, it is estimated that there would be no additional costs to law enforcement to enforce this law. Officers would enforce the law during routine traffic enforcement and no additional training beyond being informed of the new violation as a secondary enforcement would be required.
- 3) There would be no additional costs to the Division of Motor Vehicles to record these violations. These violations would be categorized the same as other violations that already exist for lighting requirements during hours of darkness.

Long-Range Fiscal Implications

None.
