Assumptions Used in Arriving at Fiscal Estimate

This bill requires WEDC to submit a report to the legislature and the governor by June 30, 2020, that includes a plan for providing support to the major industries in Wisconsin that have been adversely affected by the COVID-19 public health emergency, including tourism, manufacturing, agriculture, construction, retail, and services.

WEDC assumes there will be administrative costs during FY20 that can be absorbed by the organization associated with publishing and submitting a plan to provide support to major industries in Wisconsin to the legislature and governor.
