AN ACT to amend 77.54 (30) (a) 2. of the statutes; relating to: the sales and use tax exemption for electricity and natural gas sold for residential use.

Analysis by the Legislative Reference Bureau

Under current law, electricity and natural gas sold during the months of November, December, January, February, March, and April for residential use is exempt from the sales and use tax. Under this bill, electricity and natural gas sold for residential use is exempt from the sales and use tax, regardless of when it is sold. Because this bill relates to an exemption from state or local taxes, it may be referred to the Joint Survey Committee on Tax Exemptions for a report to be printed as an appendix to the bill.

For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.
