AN ACT to repeal 45.82 (3); to amend 20.485 (1) (gk) and 45.82 (2); and to create
45.82 (3m) (a) and 45.82 (3m) (b) 1. to 5. of the statutes; relating to: grants to
counties and tribes for veterans services and making an appropriation.

Analysis by the Legislative Reference Bureau

Under current law, a county may apply annually to the Department of Veterans
Affairs for a grant for the improvement of services provided to former military
personnel of the county through the county veterans service office. Grants are
awarded based on county population totals.

This bill changes the way grant funding is awarded by awarding grants using
a formula that first ranks counties based on equalized assessed property values,
veteran population density, and veteran population percentage, and then combines
the results of those calculations to determine a grant award amount.

For further information see the state and local fiscal estimate, which will be
printed as an appendix to this bill.
