Analysis by the Legislative Reference Bureau
This bill phases out the Special Needs Scholarship Program and caps the total number of pupils who may participate in a parental choice program.

Under current law, a child with a disability who meets certain eligibility criteria may receive a scholarship to attend a private school participating in the SNSP. The bill provides that, beginning in the 2020–21 school year, the Department of Public Instruction may not provide an SNSP scholarship to a child to attend a private school unless the child was attending a private school under the SNSP in the 2019–20
school year. In addition, if the child does not attend a private school under an SNSP scholarship in any school year after the 2019-20 school year, DPI may not provide an SNSP scholarship to the child for any subsequent school year.

The bill caps the total number of pupils who may participate in a parental choice program — the Milwaukee Parental Choice Program, the Racine Parental Choice Program, or the statewide parental choice program — at the number of pupils who attended a private school under that parental choice program in the 2019-20 school year. Under the bill, beginning in the 2020-21 school year, if the number of applications to participate in a parental choice program exceeds the program cap, DPI must determine which applications to accept on a random basis, subject to certain admission preferences that exist under current law.

Under current law, pupils may submit applications to attend a private school under the statewide parental choice program for the following school year from February 1 to April 20, and a private school that receives applications must, no later than the May 1 immediately following the application period, report the number of applicants to DPI so that DPI may determine whether a pupil participation limitation has been exceeded. The bill provides that, beginning with applications for the 2020-21 school year, DPI must establish one or more application periods during which pupils may submit applications to attend a private school under the MPCP or RPCP. The bill provides that a private school that receives applications during an application period must, no later than 10 days after the application period ends, report the number of applicants to DPI so that DPI may determine whether a program cap has been exceeded. The bill does not change the application period for the statewide parental choice program and requires DPI to use the information required to be reported under current law to determine whether the program cap for the statewide parental choice program has been exceeded.

The bill also requires DPI to establish a waiting list for a parental choice program if the program cap for the parental choice program has been exceeded.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
