Analysis by the Legislative Reference Bureau

This bill creates an income and franchise tax credit equal to approximately 66 percent of the taxes levied on buildings and other improvements, not including residential property, that are located in this state and used exclusively for farming. The credit is limited to $7,500 for an individual, entity, or married couple filing jointly. In addition, in order to claim the credit, the claimant must have at least $35,000 in annual gross income from farming. The person will receive a refund if the amount of the credit exceeds the person’s tax liability. The bill also allows a taxpayer to claim the credit for 2020 online in the manner determined by DOR rather than file a tax return to claim the credit. Claiming the credit online for 2020 does not relieve the taxpayer of the taxpayer’s obligation to otherwise file a return for that year.
For further information see the state fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
