SENATE BILL 8

February 5, 2020 – Introduced by COMMITTEE ON SENATE ORGANIZATION, by request of Governor Tony Evers. Referred to Committee on Agriculture, Revenue and Financial Institutions.

AN ACT to create 20.115 (4) (ap) and 93.485 of the statutes; relating to: creating a Small Farm Diversity grant program, providing an exemption from emergency rule procedures, granting rule-making authority, and making an appropriation.

Analysis by the Legislative Reference Bureau

This bill requires the Department of Agriculture, Trade and Consumer Protection to create a Small Farm Diversity grant program, under which DATCP may award grants of up to $50,000 to 1) an existing agricultural producer to fund costs for adding a new agricultural product or increasing production of an agricultural product where market opportunities exist; 2) an existing agricultural producer, for the purpose of reducing existing equipment debt, if the producer has added a new agricultural product or increased production of an agricultural product where market opportunities exist; or 3) a new agricultural producer to fund start-up costs for a new agricultural operation. A person may receive a grant only if in the most recent year before first receiving the grant, the person meets certain annual gross cash farm income requirements specified in the bill. The bill appropriates $1,000,000 in general purpose revenue biennially for this purpose. The bill also outlines certain reporting requirements grant recipients must follow during the three years after receiving a grant. Under the bill, if a grant recipient does not use the grant funds for the purpose for which the grant is made, fails to submit required information, or falsifies information submitted, the recipient must repay the grant funds to the extent directed by DATCP.
For further information see the state fiscal estimate, which will be printed as an appendix to this bill.
