2 **relating to:** certification of abortion providers under the Medical Assistance
3 program.

Analysis by the Legislative Reference Bureau

This bill prohibits the Department of Health Services from certifying, and requires DHS to decertify by July 1, 2020, a provider under the Medical Assistance program that is a private entity that provides abortion services or is an affiliate of a person that provides abortion services. The prohibition does not apply to any hospital that terminates pregnancies under any of the following circumstances: the termination is directly and medically necessary to save the life of the woman; the pregnancy is the result of sexual assault or incest, which has been reported to law enforcement; or the termination is, due to a medical condition existing prior to the abortion, directly and medically necessary to prevent grave, long-lasting physical health damage to the woman.

If DHS determines that it needs to request a waiver of federal law or a state plan amendment or obtain other federal approval to implement this prohibition on certification and requirement to decertify, the bill requires DHS to submit the request or seek federal approval. Generally, under current law, DHS establishes criteria for certifying providers to provide services under the Medical Assistance program and certifies those providers. The Medical Assistance program is a joint
