April 30, 2019 – Introduced by Senators CRAIG, L. TAYLOR, JOHNSON, KOYENGA, NASS, CARPENTER, WANGGAARD, KAPENGA, JACQUE, LARSON, WIRCH and STROEBEL, cosponsored by Representatives BRANDTJEN, BROOKS, DITTRICH, DUCHOW, HORLACHER, HUTTON, KNOBL, KRUG, MACCO, MYERS, PRONSHINSKE, SINICKI, TITTL, WICHERNS, EDMING, KUGLITSCH, SKOWRONSKI, QUINN, KULP, RAMTHUN, CONSIDINE, FIELDS, RIEMER and ALLEN. Referred to Committee on Elections, Ethics and Rural Issues.

AN ACT to repeal 6.15 (6) and 6.21; to renumber and amend 5.84 (1); to amend

5.85 (2) (a), 6.84 (2), 6.86 (1) (ar), 6.88 (3) (b), 6.92 (1), 6.925, 6.94, 6.95, 7.50 (2) (em) and 7.52 (3) (b); and to create 5.84 (1) (b), 6.91 and subchapter VI of chapter 6 [precedes 6.981] of the statutes; relating to: using an electronic voting machine to cast a vote with an in-person absentee ballot and providing a penalty.

Analysis by the Legislative Reference Bureau

This bill authorizes a municipality to allow its electors to vote before election day by using an electronic voting machine to cast an in-person absentee ballot (the efficiency option). If a municipality adopts a resolution to implement this option, and the Elections Commission certifies that the municipality is capable of implementation, an elector may vote before election day at the municipal clerk's office by completing his or her ballot and casting the ballot using an electronic voting system. Using the efficiency option may occur simultaneously or in conjunction with making an application in person using absentee ballot envelopes, but the periods for voting using the efficiency option and for making an application in person by using absentee ballot envelopes need not be the same. The votes are not tabulated before election day, but the municipal clerk publishes the daily tally of the total number of ballots cast before election day on the municipality's Internet site. The bill requires the municipality to publish a notice specifying the locations, dates, and hours for
SENATE BILL 193

voting using the efficiency option and the location where results will be tallied on
election night. Under the bill, a person who acts in any manner that would give him
or her the ability to know or to provide information on the accumulating or final
results from the ballots cast using the efficiency option is guilty of a Class I felony.
The current law that applies to voting on election day with regard to election
observers, assisting electors, the availability of accessible systems, and the privilege
of absentee voting also applies to voting as provided under the bill.

Under current law, an election inspector may challenge for cause any person
offering to vote whom the inspector knows or suspects is not a qualified elector. Another elector may also make such a challenge for cause. When a voter’s
qualifications are challenged, the inspector must administer an oath to the
challenged elector to affirm that he or she will fully and truly answer the inspector’s
questions regarding the person’s residence and qualifications. The bill allows the
chief clerk, the deputy clerk, or an inspector to challenge for cause any person
offering to vote and to administer the oath and ask the relevant questions regarding
the person’s residence and qualifications.

The bill also repeals the current law provision regarding the treatment of
absentee ballots cast by a person who dies before election day.

Because this bill creates a new crime or revises a penalty for an existing crime,
the Joint Review Committee on Criminal Penalties may be requested to prepare a
report.

For further information see the state and local fiscal estimate, which will be
printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do
enact as follows:

**SECTION 1.** 5.84 (1) of the statutes is renumbered 5.84 (1) (a) and amended to
read:

5.84 (1) (a) **Where Except as provided in par. (b), where** any municipality
employs an electronic voting system which utilizes automatic tabulating equipment,
either at the polling place or at a central counting location, the municipal clerk shall,
on any day not more than 10 days prior to the election day on which the equipment
is to be utilized, have the equipment tested to ascertain that it will correctly count
the votes cast for all offices and on all measures. Public notice of the time and place
of the test shall be given by the clerk at least 48 hours prior to the test by publication
of a class 1 notice under ch. 985 in one or more newspapers published within the
municipality if a newspaper is published therein, otherwise in a newspaper of
general circulation therein. The test shall be open to the public. The test shall be
conducted by processing a preaudited group of ballots so marked as to record a
predetermined number of valid votes for each candidate and on each referendum.
The test shall include for each office one or more ballots which have votes in excess
of the number allowed by law and, for a partisan primary election, one or more ballots
which have votes cast for candidates of more than one recognized political party, in
order to test the ability of the automatic tabulating equipment to reject such votes.
If any error is detected, the municipal clerk shall ascertain the cause and correct the
error. The clerk shall make an errorless count before the automatic tabulating
equipment is approved by the clerk for use in the election.

SECTION 2. 5.84 (1) (b) of the statutes is created to read:

5.84 (1) (b) For a municipality that authorizes the absentee voting efficiency
option under subch. VI of ch. 6, the municipal clerk shall have the automatic
tabulating equipment tested, as provided under par. (a), on any day not more than
10 days prior to the first day on which such voting is available in the municipality
pursuant to s. 6.981.

SECTION 3. 5.85 (2) (a) of the statutes is amended to read:

5.85 (2) (a) The Except when using a report function capable of reporting
write-in votes by scanning the ballots and electronically capturing the write-in
votes, the election officials shall examine the ballots or record of votes cast for
write-in votes and shall count and tabulate the write-in votes. The election officials
shall count write-in votes as provided in s. 7.50 (2) (d). When an electronic voting
system is used in which ballots are distributed to electors, before separating the
remaining ballots from their respective covering envelopes, the election officials
shall examine the ballots for write-in votes. When an elector has cast a write-in
vote, the election officials shall compare the write-in vote with the votes on the ballot
to determine whether the write-in vote results in an overvote for any office. In case
of an overvote for any office, the election officials shall follow the procedure in par.
(b).

**SECTION 4.** 6.15 (6) of the statutes is repealed.

**SECTION 5.** 6.21 of the statutes is repealed.

**SECTION 6.** 6.84 (2) of the statutes is amended to read:

6.84 (2) **INTERPRETATION.** Notwithstanding s. 5.01 (1), with respect to matters
relating to the absentee ballot process, ss. 6.86, 6.87 (3) to (7) and 9.01 (1) (b) 2. and
and subch. VI shall be construed as mandatory. Ballots cast in contravention of
the procedures specified in those provisions may not be counted. Ballots counted in
contravention of the procedures specified in those provisions may not be included in
the certified result of any election.

**SECTION 7.** 6.86 (1) (ar) of the statutes is amended to read:

6.86 (1) (ar) Except as authorized in s. 6.875 (6), the municipal clerk shall not
issue an absentee ballot unless the clerk receives a written application therefor from
a qualified elector of the municipality. The clerk shall retain each absentee ballot
application until destruction is authorized under s. 7.23 (1). Except as authorized
in s. 6.79 (6) and (7), if a qualified elector applies for an absentee ballot in person at
the clerk’s office, the clerk shall not issue the elector an absentee ballot unless the
elector states aloud his or her name and address and presents proof of identification.
The clerk shall verify that the name on the proof of identification presented by the
elector conforms to the name on the elector’s application and shall verify that any
photograph appearing on that document reasonably resembles the elector. The clerk
shall then enter his or her initials on the certificate envelope indicating that the
absentee elector presented proof of identification to the clerk.

SECTION 8. 6.88 (3) (b) of the statutes is amended to read:

6.88 (3) (b) When the inspectors find that a certification is insufficient, that the
applicant is not a qualified elector in the ward or election district, that the ballot
envelope is open or has been opened and resealed, that the ballot envelope contains
more than one ballot of any one kind or, except in municipalities where absentee
ballots are canvassed under s. 7.52, that the certificate of a military or overseas
elector who received an absentee ballot by facsimile transmission or electronic mail
is missing, or if proof is submitted to the inspectors that an elector voting an absentee
ballot has since died, the inspectors shall not count the ballot. The inspectors shall
endorse every ballot not counted on the back, “rejected (giving the reason)”. The
inspectors shall reinsert each rejected ballot into the certificate envelope in which
it was delivered and enclose the certificate envelopes and ballots, and securely seal
the ballots and envelopes in an envelope marked for rejected absentee ballots. The
inspectors shall endorse the envelope, “rejected ballots” with a statement of the ward
or election district and date of the election, signed by the chief inspector and one of
the inspectors representing each of the 2 major political parties and returned to the
municipal clerk in the same manner as official ballots voted at the election.

SECTION 9. 6.91 of the statutes is created to read:

absent voter, may be challenged as provided under this subchapter at the polling
place, at the municipal clerk’s office, at an in-person absentee voting location during
the period for making an in-person application for an absentee ballot under s. 6.86
(1) (b), at the municipal clerk’s office during the period for using the voting procedure under s. 6.981, or at a central count location.

If a person is challenged as unqualified by an elector, one of the inspectors the clerk or deputy clerk or an inspector may administer the oath or affirmation to the challenged elector under s. 6.92 and ask the challenged elector the questions under that section which are appropriate to test the elector’s qualifications. In addition, one of the inspectors the clerk or deputy clerk or an inspector shall administer the following oath or affirmation to the challenging elector: “You do solemnly swear (or affirm) that you will fully and truly answer all questions put to you regarding the challenged person’s place of residence and qualifications as an elector of this election”; and shall then ask questions which are
appropriate as determined by the commission, by rule, to test the qualifications of
the challenged elector.

SECTION 12. 6.94 of the statutes is amended to read:

6.94 Challenged elector oath. If the person challenged refuses to answer
fully any relevant questions put to him or her by the clerk, deputy clerk, or inspector
under s. 6.92, the clerk, deputy clerk, or inspectors shall reject the elector’s vote. If
the challenge is not withdrawn after the person offering to vote has answered the
questions, one of the inspectors the clerk or deputy clerk or an inspector shall
administer to the person the following oath or affirmation: “You do solemnly swear

or become directly or indirectly interested in any bet or wager depending upon the
result of this election; you are not on any other ground disqualified to vote at this
election”. If the person challenged refuses to take the oath or affirmation, the
person’s vote shall be rejected. If the person challenged answers fully all relevant
questions put to the elector by the clerk, deputy clerk, or inspector under s. 6.92,
takes the oath or affirmation, and fulfills the applicable registration requirements,
and if the answers to the questions given by the person indicate that the person meets
the voting qualification requirements, the person’s vote shall be received.

giving the elector a ballot, write on the back of the ballot the serial number of the
challenged person corresponding to the number kept at the election on the poll list, or other list maintained under s. 6.79, and the notation “s. 6.95”. If the returns are reported under s. 7.70, a challenge may be reviewed by the chairperson of the commission or the chairperson’s designee. The decision of any board of canvassers or of the chairperson or chairperson’s designee may be appealed under s. 9.01. The standard for disqualification specified in s. 6.325 shall be used to determine the validity of challenged ballots.

election day by casting a ballot into an electronic voting system as provided under s. 6.80 at the municipal clerk’s office, if the governing body of the municipality has adopted a resolution to allow such voting and the commission has certified the municipality under s. 6.982 (8) (a) to conduct such voting. An elector may vote under this subchapter during the time prescribed for an application made in person pursuant to s. 6.86 (1) (b), but only after the municipality has completed a successful public test of the programmed media necessary to vote under this subchapter and the test occurs no more than 10 days prior to the use of the media for voting under this subchapter. A municipality shall specify the locations, dates, and hours for voting and the location where results will be tallied on election night in the notice under s. 10.01 (2) (e). The municipal clerk, or his or her designee, shall send the notice to the 2 major political parties, as defined in s. 13.46 (5), at the state level and, if applicable, at the county and local levels, on the same date as the notice is posted for the general public.

(b) After the governing body of the municipality has adopted a resolution to allow the voting procedure under par. (a), the municipality shall use that procedure for all elections specified in the resolution. The municipal clerk or deputy municipal clerk shall supervise the voting procedure under par. (a).

(c) This subchapter does not preclude the clerk from using absentee envelopes when the clerk or the elector determines that such use is necessary. Voting as provided under this subchapter may occur simultaneously or in conjunction with making an application in person using absentee envelopes, but the periods for voting as provided under this subchapter and for making an application in person using absentee envelopes need not be the same.
6.982 Administration. (1) (a) Votes cast under s. 6.981 may not be tabulated until the closing of the polls on election day, but the municipal clerk shall publish on the municipality’s Internet site a daily tally of the total number of ballots cast under s. 6.981 in the municipality.

(b) No person may act in any manner that would give him or her the ability to know or to provide information on the accumulating or final results from the ballots cast under s. 6.981 before the close of the polls on election day. A person who violates this paragraph is guilty of a Class I felony.

(c) An elector who casts a ballot under s. 6.981 that is accepted by automatic tabulating equipment may not request that the ballot be returned to him or her as defective in order to cast a new ballot, as provided under s. 6.80 (2) (c).

(d) The clerk or deputy clerk shall reconcile the ballots cast each day to ensure that the number of ballots cast equals the number issued. The reconciliation may include performing checks that do not involve examining the ballots cast, including checking data entry and verifying mathematical computations. If the clerk or deputy clerk is unable to reconcile the ballots, the incident log shall include the date and any other information necessary to clearly identify the reconciliation issue. The municipality shall post the daily reconciliation incident report on the municipality’s Internet site at the close of each day during the period for voting under this subchapter. If the clerk or deputy clerk is unable to reconcile the ballots, the clerk or deputy clerk shall deliver all ballot bags of unreconciled ballots, along with the daily reconciliation incident reports, to the appropriate board of canvassers as provided under s. 7.53 and the board of canvassers shall complete the reconciliation using the methods provided under s. 7.51.
(2) At all times when the process for voting under this subchapter is in use the municipality shall have at least 2 individuals present, not including a candidate on the ballot and not including an elector who is present only to vote. The tabulation equipment shall be in a location that is visible to the clerk or the clerk’s designee and to at least one other person. Automatic tabulating equipment used for purposes of this subchapter shall be secured with a tamper-evident security seal and the clerk or the clerk’s designee, in the presence of at least one witness, shall check the seals for tampering at the beginning and ending of each day designated for voting under s. 6.981. The areas where the programmed media and the ballots cast are housed shall be secured with tamper-evident security seals. At least 2 persons shall be present for any administrative process that requires access to a sealed area and the breaking of a tamper-evident security seal, including clearing a jammed ballot or emptying a full ballot bin. The clerk or clerk’s designee shall daily document all checks and record any such activity and reason in which a seal is broken and replaced under this subsection. The clerk or clerk’s designee shall obtain the signature of any witness who was present when any such activity is performed. When not in use the tabulation equipment and the cast ballots sealed inside tamper-evident security seal ballot bags shall be secured in a double-lock location such as a locked cabinet inside a locked office.

(3) For purposes of s. 6.981, the municipal clerk or the clerk’s designee shall issue ballots using the voter registration and voter information systems established and maintained by the elections commission in the same manner that the systems are used to issue and track absentee ballots.
(4) An elector requesting to cast a ballot under s. 6.981 shall state aloud his or her name and address. The elector shall sign an absentee ballot certification request log for purposes of this subchapter.

(5)(a) Except as provided in par. (b), the municipal clerk shall seal together all ballots cast in the municipality under s. 6.981 each day in a numbered and tamper-evident security seal ballot bag and document all such action and numbers. All such ballot bags shall remain in the clerk's possession, sealed and secured by the municipal clerk, until such time that they are needed at a central count location or for audit, review at the polling place, recount, or storage.

(b) If the municipal clerk is required to report vote totals by ward, but the votes in multiple wards are processed through a single memory device and tabulator, the clerk shall not sort the ballots into wards before placing them into the bag described under par. (a).

(6) Section 7.41, regarding the public's right to access the polling place; s. 6.82, regarding assisting electors; s. 5.25 (4) (a), regarding the availability of accessible systems; and s. 6.84 (1), regarding the privilege of absentee voting, apply to voting conducted under s. 6.981. The municipal clerk shall post at a conspicuous space near the tabulation equipment a notice, in 18 point type, warning the elector voting as provided under this subchapter that a ballot cast and accepted by the tabulation equipment may not be retrieved in order to spoil the ballot under s. 6.86 (5).

(8)(a) The commission shall establish procedures for certifying municipalities to conduct voting under s. 6.981. The governing body of a municipality wishing to obtain certification under this paragraph shall send a plan for administering the process under this subchapter to the commission for review no later than 60 days prior to the first day on which the municipality would conduct voting under s. 6.981.
The commission shall review the plan and give notice of approval or of changes needed to receive approval no later than 20 days after receiving the plan. The commission may send notice to the municipality by electronic mail. The commission shall certify a municipality to conduct voting under s. 6.981 if it determines that the municipality satisfies all of the following:

1. Its governing body has approved the use of voting under this subchapter, as provided under s. 6.981 (1) (a).

2. It is using equipment capable of capturing a digital image of both the front and back of the ballot.

4. It has Internet access at each location where voting will be conducted under this subchapter so that an absentee ballot may be issued to an elector using the statewide voter registration system immediately prior to the elector casting his or her ballot and so that the clerk or clerk’s designee may add new or changed registration information prior to issuing an absentee ballot.

5. It is able to update its Internet site at the end of each day.

6. It is capable of adequately securing all equipment and ballots in a double-lock location.

7. Its plan for administering the process under this subchapter satisfies all other requirements set forth in this subchapter.

(b) The commission shall establish procedures for the administration of this subchapter, including procedures to facilitate the secure transfer of memory devices from their use for voting under s. 6.981 to their use in tabulating the votes on election day.
(c) A municipality certified by the commission to conduct voting under s. 6.981 shall notify the county where the municipality is located at least 70 days before each election at which the municipality is using the option under s. 6.981.

SECTION 15. 7.50 (2) (em) of the statutes is amended to read:

7.50 (2) (em) Except as otherwise provided in this paragraph, write-in votes shall only be counted if no candidates have been certified to appear on the ballot. If a candidate has been certified to appear on the ballot, write-in votes may only be counted for a candidate that files a registration statement under s. 11.0202 (1) (a) no later than noon on the Friday immediately preceding the election. If a candidate certified to appear on the ballot dies or withdraws before the election, all write-in votes shall be counted. When write-in votes are counted, every vote shall be counted for the candidate for whom it was intended, if the elector’s intent can be ascertained from the ballot itself, the write-in section of the results tape, or the write-in report.

SECTION 16. 7.52 (3) (b) of the statutes is amended to read:

7.52 (3) (b) When the board of absentee ballot canvassers finds that a certification is insufficient, that the applicant is not a qualified elector in the ward or election district, that the ballot envelope is open or has been opened and resealed, that the ballot envelope contains more than one ballot of any one kind, or that the certificate of a military or overseas elector who received an absentee ballot by facsimile transmission or electronic mail is missing, or if proof is submitted to the board of absentee ballot canvassers that an elector voting an absentee ballot has since died, the board of absentee ballot canvassers shall not count the ballot. Each member of the board of absentee ballot canvassers shall endorse every ballot not counted on the back as “rejected (giving the reason).” The board of absentee ballot canvassers shall reinsert each rejected ballot into the certificate envelope in which
it was delivered and enclose the certificate envelopes and ballots, and securely seal
the ballots and envelopes in an envelope marked for rejected absentee ballots. The
board of absentee ballot canvassers shall endorse the envelope as “rejected ballots,”
with a statement of the ward or election district and date of the election, and each
member of the board of absentee ballot canvassers shall sign the statement. The
board of absentee ballot canvassers shall then return the envelope containing the
ballots to the municipal clerk.

(END)
