2019 SENATE BILL 224

AN ACT to create 74.47 (4) of the statutes; relating to: application of payment for delinquent property tax debt.

Analysis by the Legislative Reference Bureau

This bill requires that a payment made to a taxing jurisdiction by a person with delinquent property tax debt be applied first to reduce the tax debt and then, if the payment exceeds the tax debt, to reduce the amount of late fees and interest charged on the tax debt. Under current law, a taxing jurisdiction may apply a payment to reduce the late fees and interest before the tax debt.

For further information see the local fiscal estimate, which will be printed as an appendix to this bill.
