Analysis by the Legislative Reference Bureau

This bill requires a political subdivision (a city, village, town, or county) and Marquette University to pay health insurance premiums for the surviving spouse and dependent children of a law enforcement officer who dies in the line of duty if the political subdivision or university paid such premiums for the law enforcement officer while he or she was employed by the political subdivision or university. The requirement does not apply to a surviving spouse who remarries or reaches the age of 65, or to a surviving child after he or she reaches the age of 26. Current law provides similar benefits to the surviving spouse and dependent children of a fire fighter who dies, or has died, in the line of duty if the municipality (city, village, or
town) paid such premiums for the fire fighter while he or she was employed by the municipality.

Also, under the bill, if a political subdivision or Marquette University pays such health insurance premiums, the political subdivision or university must file a request for reimbursement for its costs with the Public Service Commission, which is required to provide reimbursement. The bill allows the PSC to contract with the Department of Revenue to administer the reimbursements. The reimbursement payments are funded by a fee called the “police and fire protection fee,” which current law requires communications providers and prepaid wireless retailers to collect from their customers.

For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
