Analysis by the Legislative Reference Bureau

This bill restores requirements related to deer carcass tags that were eliminated under 2017 Wisconsin Act 59.

The bill establishes a requirement that the Department of Natural Resources issue a deer carcass tag to a person to whom it issues an archer hunting license, crossbow hunting license, deer hunting license, or conservation patron license, and a requirement that a person who kills a deer immediately validate the deer carcass tag that is authorized for the type of deer killed.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.
