Analysis by the Legislative Reference Bureau
This bill exempts the University of Wisconsin System from requirements to submit the following reports, which apply to other state agencies under current law: 1) an annual report to the legislature on environmental impact reports; 2) an annual report to the Department of Administration on interest paid for late payments; 3) an annual report to the Joint Committee on Finance and DOA on the expenditure of nonfederal gifts and grants; 4) a biennial energy cost reduction plan to DOA, JCF, and the legislature; and 5) an annual report to DOA on the cost of occupancy of state facilities.

In addition, the bill repeals requirements for the UW System to submit the following reports: 1) a biennial financial report to the governor and JCF by the Medical College of Wisconsin and the University of Wisconsin–Madison Medical
SENATE BILL 354

School; 2) an annual report to DOA and JCF on created and abolished positions; 3) an annual report to the governor and JCF on federal funding expenditures; 4) an annual report to JCF and DOA on salary increases; 5) an annual report to the legislature and governor regarding employees with limited or concurrent appointments and employees requiring backup positions; 6) a biennial report to JCF on industrial and economic development research projects; 7) a biennial report to the governor and JCF on research funded with general purpose revenue; 8) a semiannual report to the Joint Committee on Information Policy and Technology on certain information technology projects; 9) an annual report to JCF and the Joint Legislative Audit Committee on fee increases; 10) an annual report to JCF on course drop rates; and 11) an annual report by the UW System administration to the Board of Regents on consultants.

The bill also does the following:
1. Prohibits DOA from requiring the Board of Regents to submit to DOA reports on accounts receivable or moving expenses if substantially similar information is included in other reports submitted by the Board of Regents or is accessible through DOA's statewide accounting system.
2. Exempts the Board of Regents from submitting annual reports to the Department of Natural Resources relating to its local program for construction site erosion control and storm water management.
3. Eliminates a requirement for the Board of Regents to submit an annual report to the legislature on sexual assault and sexual harassment and requires instead that each UW institution submit to JCF and the legislature and post on its Internet site an annual campus security report required under federal law.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

SECTION 1. 1.11 (2) (j) of the statutes is amended to read:

The board shall, in the administration of the expenditure of such moneys, comply with the requirements of the act of congress making the moneys available and with the regulations prescribed by the federal government or the federal agency administering the act, insofar as the act or regulations are consistent with state law. The board may submit any plan, budget, application, or proposal required by the federal agency as a precondition to receipt of the moneys. The board may, consistent with state law, perform any act required by the act of congress or the federal agency to carry out the purpose of the act of congress. The board shall deposit all moneys received under this paragraph in the appropriation account under s. 20.285 (1) (m).

No later than July 1 of each even-numbered year, each agency, as defined in s. 16.75 (12) (a) 1., but not including the Board of Regents of the University of Wisconsin System, shall submit a plan to the department, the joint committee on finance, and the standing committee of each house of the legislature having jurisdiction over energy, for reduction of the cost of energy used by the agency. The plan shall include all system and equipment upgrades or installations that are estimated to result in energy cost savings equal to the cost of the upgrade or installation over the anticipated life of the system or equipment. The plan shall also identify potential means of financing the upgrades and installations other than reliance on appropriations of general purpose revenues. The department of administration shall consider in its plan the means of financing allowed under s. 16.858.

This paragraph does not limit the authority of the board to establish salaries for new appointments. The board may not increase the salaries of employees under this paragraph unless the salary increase conforms to the proposal as approved under s. 230.12 (3) (e) or the board authorizes the salary increase to recognize merit, to correct salary inequities under par. (h), to fund job reclassifications or promotions, or to recognize competitive factors. The granting of salary increases to recognize competitive factors does not obligate inclusion of the annualized amount of the increases in the appropriations under s. 20.285 (1) for subsequent fiscal bienniums.

No later than October 1 of each year, the board shall report to the joint committee on finance and the secretary of administration and administrator of the division of personnel management in the department of administration concerning the
