Referred to Committee on Public Benefits, Licensing and State-Federal Relations.

AN ACT to repeal 445.095 (5); to renumber 445.095 (1) (b); to renumber and amend 445.095 (1) (a); to consolidate, renumber and amend 445.095 (1) (d) and (e); and to amend 445.045 (1) (d), 445.045 (1) (e) and 445.045 (1) (f) of the statutes; relating to: requirements for funeral director apprenticeships and licenses, extending the time limit for emergency rule procedures, and providing an exemption from emergency rule procedures.

Analysis by the Legislative Reference Bureau
Currently, in order to be eligible for a funeral director license, an individual must, in addition to satisfying other requirements, have 1) completed a funeral director apprenticeship; 2) completed two academic years of instruction in a recognized college or university; and 3) completed nine months or more instruction in a prescribed course in mortuary science. Current law requires that the nine months of mortuary science be completed after completing a 16-hour certification class, which is a prerequisite to beginning the apprenticeship.

This bill 1) requires 24 semester credits of education, instead of two years, in order to be granted a funeral director license; and 2) eliminates the requirement that the nine months of instruction in mortuary science be completed after completing a 16-hour certification class. The bill further provides that if an individual completes the nine months of instruction in mortuary science before beginning an apprenticeship, the 16-hour certification class is not required to begin the apprenticeship.
The bill also makes various nonsubstantive organizational changes to the laws governing funeral directors.
For further information see the state fiscal estimate, which will be printed as an appendix to this bill.
