2 to create 118.51 (3) (a) 2m. and 118.51 (4) (a) 3m. of the statutes; relating to:
3 allowing the School District of New Berlin to give preference to residents of New
4 Berlin in accepting full-time open enrollment applications.

Analysis by the Legislative Reference Bureau

Under current law, a pupil may attend a public school in a school district other than the pupil’s resident school district (nonresident school district) under the full-time open enrollment program (OEP). Under the OEP, a nonresident school district must annually determine the number of regular education and special education spaces that it has available for nonresident pupils under the OEP. If a nonresident school district receives more applications than it has available in a particular grade or program, the nonresident school board must determine, on a random basis, which applications to accept, after applying certain preferences.

Under current law, when accepting OEP applications, a nonresident school board must give preference to pupils and siblings of pupils who are already attending the nonresident school district and, if the nonresident school district is a union high school district, to pupils attending an underlying elementary school district under

the OEP. This bill allows the New Berlin School Board to also give preference to pupils who reside in New Berlin.
