Analysis by the Legislative Reference Bureau

The bill increases the appropriation for youth apprenticeship grants for fiscal year 2018–19 by $2,766,300 and provides that any unencumbered amount from the appropriation does not lapse to the general fund at the end of that fiscal year.

The bill also creates an appropriation for $100,000 in the 2019–21 fiscal biennium for the development of youth apprenticeship curricula, and sets priorities for curricula development.

The bill also increases the maximum amount of a youth apprenticeship grant from $900 to $1,000.
