AN ACT to renumber and amend 323.31; to amend 20.465 (3) (b); and to create 323.31 (2) of the statutes; relating to: disaster assistance payments and making an appropriation.

Analysis by the Legislative Reference Bureau

Under current law, the Department of Military Affairs is required to make payments to retail electric cooperatives, local governmental units, and federally recognized American Indian tribes and bands in this state for damages and costs incurred as the result of certain disasters. Current law requires that the recipient of a disaster assistance payment cover 30 percent of the amount of the damages and costs resulting from the disaster. This bill reduces that matching requirement to 25 percent.

Additionally, the bill authorizes disaster assistance payments to be made for costs incurred for approved hazard mitigation measures after a disaster. The bill also requires that all of the emergency work and permanent work categories designated by the federal emergency management agency (FEMA) be eligible for disaster assistance payments. FEMA designates the following as emergency and permanent work categories:

Category A: Debris removal.
Category B: Emergency protective measures.
Category C: Roads and bridges.
Category D: Water control facilities.
Category E: Buildings and equipment.
SENATE BILL 901

Category F: Utilities.  
Category G: Parks, recreational areas, and other facilities.  
Finally the bill provides $2,500,000 per fiscal year in the 2019-21 fiscal biennium for DMA to make and administer disaster assistance payments.  
For further information see the state fiscal estimate, which will be printed as an appendix to this bill.
