FOR 2021-2023 BUDGET -- NOT READY FOR INTRODUCTION

AN ACT ...; **relating to:** the budget.

Analysis by the Legislative Reference Bureau
ELECTIONS

Automatic voter registration

The bill requires the Elections Commission to use all feasible means to facilitate the registration of all individuals eligible to vote in this state and to maintain the registration of all eligible electors for so long as they remain eligible. Under the bill, the commission must attempt to facilitate the initial registration of all eligible electors as soon as practicable. To facilitate that initial registration, the bill directs the commission and the Department of Transportation to enter into an agreement so that DOT may transfer specified personally identifying information in DOT's records to the commission. The bill requires the commission to maintain the confidentiality of any information it obtains under the agreement and allows a driver's license or identification card applicant to "opt out" of DOT's transfer of this information to the commission.

Once the commission obtains all the information required under current law to complete an eligible elector's registration, the commission adds the elector's name to the statewide registration list. The bill also permits an individual whose name is added to the registration list or who wishes to permanently exclude his or her name from the list to file a request to have his or her name deleted or excluded from the list or to revoke a deletion or exclusion request previously made. In addition, the bill directs the commission to notify an individual by first class postcard whenever the

commission removes his or her name from the registration list or changes his or her status on the list from eligible to ineligible.

The bill also directs the commission to report to the legislature and the governor, no later than July 1, 2023, its progress in initially registering eligible electors under the bill. The report must contain an assessment of the feasibility and desirability of integration of registration information with information maintained by the Departments of Health Services, Children and Families, Workforce Development, Revenue, Safety and Professional Services, and Natural Resources; the University of Wisconsin System; and the Technical College System Board, as well as with the technical colleges in each technical college district.

Under current law, a qualified elector with a current and valid driver's license or identification card issued by DOT may register to vote electronically on a secure Internet site maintained by the commission. To register electronically under current law, a qualified elector must also authorize DOT to forward a copy of his or her electronic signature to the commission. The authorization affirms that all information provided by the elector is correct and has the same effect as a written signature on a paper copy of the registration form. Finally, current law requires the commission and DOT to enter into an agreement that permits the commission to verify the necessary registration information instantly by accessing DOT's electronic files.

Residency requirement for voting

Under current law, with limited exceptions, an otherwise eligible voter must be a resident of Wisconsin and of the municipality and ward, if any, where the voter is voting for 28 days before an election in order to vote in the election in that municipality and ward. This bill shortens that residency requirement from 28 days to 10 days.

Proof of identification for voting

Current law allows an individual to use as voter identification an unexpired identification card issued by a technical college, college, or university in this state if the card meets certain criteria. The card must have an expiration date that is no later than two years after the date it was issued, and the individual must establish proof of enrollment. The the U.S. Court of Appeals for the 7th Circuit held that the requirement to present both an unexpired identification card and proof of enrollment had no rational basis and was therefore unconstitutional. See, *Luft v. Evers*, 963 F.3d 665 (2020). This bill allows a student to use an expired student identification card under certain circumstances. Under the bill, a student does not need to present proof of enrollment if using an unexpired identification card, but must provide proof of enrollment if using an expired identification card. In addition, the bill requires each technical college in this state and each UW System institution to issue student identification cards that meet the criteria to be used as voter identification no later than August 1, 2021.

Current law also allows an individual to use as voter identification an identification card issued by the Department of Transportation. DOT may issue a receipt as a temporary identification card to use for voting and other purposes to an

individual who is waiting for the permanent card. The receipt expires in 60 days. The bill extends the expiration date to 180 days.

Voting absentee in person

Current law allows an individual to complete an absentee ballot in person no earlier than 14 days preceding the election and no later than the Sunday preceding the election. This bill eliminates the restriction on how soon a person may complete an absentee ballot in person and provides that a person must complete such a ballot no later than 7 p.m. on the Friday preceding the election.

Early canvassing of absentee ballots

Under current law, absentee ballots may not be canvassed until election day. This bill authorizes a municipal clerk or municipal board of election commissioners to begin the canvassing of absentee ballots on the day before an election, subject to the following requirements:

1. The municipality must use automatic tabulating equipment to process absentee ballots.

2. Prior to the early canvassing of absentee ballots, the municipal clerk or municipal board of election commissioners must notify the Elections Commission in writing and must consult with the Elections Commission concerning administration of early canvassing of absentee ballots.

3. Early canvassing of absentee ballots under the bill may be conducted only between 7 a.m. and 8 p.m. on the day before the election, and ballots may not be tallied until after polls close on election day.

4. Members of the public must have the same right of access to a place where absentee ballots are being canvassed early as is provided under current law for canvassing absentee ballots on election day.

5. When not in use, automatic tabulating equipment used for canvassing absentee ballots and the areas where the programmed media and the absentee ballots are housed must be secured with tamper-evident security seals in a double-lock location such as a locked cabinet inside a locked office.

6. Subject to criminal penalty, no person may act in any manner that would give him or her the ability to know or to provide information on the accumulating or final results from the ballots canvassed early under the bill before the close of the polls on election day.

7. Certain notices must be provided before each election at which the municipality intends to canvass absentee ballots on the day before the election.

Special elections to fill vacancies in the office of U.S. senator and representative in congress

Under current law, a vacancy in the office of U.S. senator or representative in congress occurring prior to the second Tuesday in April in the year of the general election must be filled at a special primary and special election. A vacancy occurring in one of these offices between the second Tuesday in April and the second Tuesday in May in the year of the general election is filled at the partisan primary and general election.

Current law provides that a special primary be held four weeks before the day of the special election. However, if the election is held on the same day as the spring

election, the special primary is held concurrently with the spring primary. Under current law, with regard to an election for a national office, the period between a special primary and special election or between the spring primary or spring election does not provide sufficient time to canvass and certify the primary results and prepare ballots to send to overseas voters as required by federal law.

Under the bill, a vacancy in the office of U.S. senator or representative in congress is filled in the following manner:

1. At a special election to be held on the third Tuesday in May following the first day of the vacancy with a special primary to be held concurrently with the spring primary on the third Tuesday in February.

2. At a special election to be held on the second Tuesday in August following the first day of the vacancy with a special primary to be held on the third Tuesday in May.

3. At a special election to be held on the Tuesday after the first Monday in November following the first day of the vacancy with a special primary to be held on the second Tuesday in August.

However, under the bill, a November special election is not held in any year in which the general election is held for that office; instead, the vacancy is filled at the partisan primary and general election.

Reimbursement of counties and municipalities for certain election costs

This bill requires the Elections Commission to reimburse counties and municipalities for certain costs incurred in the administration of special primaries and special elections for state or national office. A cost is eligible for reimbursement only if certain conditions are met, including that the commission determines the cost is reasonable and the rate paid by the county or municipality for the cost does not exceed the rate customarily paid for similar costs at a primary or election that is not a special primary or election. Under the bill, only the following costs may be reimbursed:

1. Rental payments for polling places.
2. Election day wages paid to election officials working at the polls.
3. Costs for the publication of required election notices.
4. Printing and postage costs for absentee ballots and envelopes.
5. Costs for the design and printing of ballots and poll books.
6. Purchase of ballot bags or containers, including ties or seals for chain of custody purposes.
7. Costs to program electronic voting machines.
8. Purchase of memory devices for electronic voting machines.
9. Wages paid to conduct a county canvass.
10. Data entry costs for the statewide voter registration system.

Voter bill of rights

The bill creates a voter bill of rights that municipal clerks and boards of election commissioners must post at each polling place. The bill of rights informs voters that they have the right to do all of the following:

1. Vote if registered and eligible to vote.
2. Inspect a sample ballot before voting.

3. Cast a ballot if in line when the polling place closes or, if voting by in-person absentee ballot on the last day for which such voting is allowed, when the municipal clerk's office closes.
4. Cast a secret ballot.
5. Get help casting a ballot if disabled.
6. Get help voting in a language other than English as provided by law.
7. Get a new ballot, up to three ballots in all, if the voter makes a mistake on the ballot.
8. Cast a provisional ballot as provided by law.
9. Have the voter's ballot counted accurately.
10. Vote free from coercion or intimidation.
11. Report any illegal or fraudulent election activity.

Recount fees

Current law requires the Elections Commission to reimburse the counties for the actual costs of conducting a recount. The reimbursement comes from the fees that the commission collects from the person that filed the recount petition. The bill changes the appropriation for reimbursing the counties from an annual appropriation to a continuing appropriation.

Because this bill creates a new crime or revises a penalty for an existing crime, the Joint Review Committee on Criminal Penalties may be requested to prepare a report.

For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.

Public notice of the time and place of the test shall be given by the clerk at least 48 hours prior to the test by publication of a class 1 notice under ch. 985 in one or more newspapers published within the municipality if a newspaper is published therein, otherwise in a newspaper of general circulation therein. The test shall be open to the public. The test shall be conducted by processing a preaudited group of ballots so marked as to record a predetermined number of valid

votes for each candidate and on each referendum. The test shall include for each office one or more ballots which have votes in excess of the number allowed by law and, for a partisan primary election, one or more ballots which have votes cast for candidates of more than one recognized political party, in order to test the ability of the automatic tabulating equipment to reject such votes. If any error is detected, the municipal clerk shall ascertain the cause and correct the error. The clerk shall make an errorless count before the automatic tabulating equipment is approved by the clerk for use in the election.

SECTION 8. 5.86 (1) of the statutes is amended to read:

5.86 (1) All proceedings at each central counting location shall be under the direction of the municipal clerk or an election official designated by the clerk unless the central counting location is at the county seat and the municipal clerk delegates the responsibility to supervise the location to the county clerk, in which case the proceedings shall be under the direction of the county clerk or an election official designated by the county clerk. If for any municipality the central counting location is at the county seat and the municipal clerk authorizes the early canvassing of absentee ballots under s. 7.525, the county clerk or the county clerk's designee shall begin the proceedings for that municipality on the day before the election consistent with that section. Unless election officials are selected under s. 7.30 (4) (c) without regard to party affiliation, the employees at each central counting location, other than any specially trained technicians who are required for the operation of the automatic tabulating equipment, shall be equally divided between members of the 2 major political parties under s. 7.30 (2) (a) and all duties performed by the employees shall be by teams consisting of an equal number of members of each political party whenever sufficient persons from each party are available.

SECTION 9. 6.02 (1) of the statutes is amended to read:

6.02 (1) Every U.S. citizen age 18 or older who has resided in an election district or ward for ~~28~~ 10 consecutive days before any election where the citizen offers to vote is an eligible elector.

SECTION 10. 6.02 (2) of the statutes is amended to read:

6.02 (2) Any U.S. citizen age 18 or older who moves within this state later than ~~28~~ 10 days before an election shall vote at his or her previous ward or election district if the person is otherwise qualified. If the elector can comply with the ~~28-day~~ 10-day residence requirement at the new address and is otherwise qualified, he or she may vote in the new ward or election district.

SECTION 11. 6.10 (3) of the statutes is amended to read:

6.10 (3) When an elector moves his or her residence from one ward or municipality to another ward or municipality within the state at least ~~28~~ 10 days before the election, the elector may vote in and be considered a resident of the new ward or municipality where residing upon registering at the proper polling place or other registration location in the new ward or municipality under s. 6.55 (2) or 6.86 (3) (a) 2. SECTION 12. 6.10 (4) of the statutes is amended to read:

6.10 (4) The residence of an unmarried person sleeping in one ward and boarding in another is the place where the person sleeps. The residence of an unmarried person in a transient vocation, a teacher or a student who boards at different places for part of the week, month, or year, if one of the places is the residence of the person's parents, is the place of the parents' residence unless through

registration or similar act the person elects to establish a residence elsewhere. If the person has no parents and if the person has not registered elsewhere, the person's residence shall be at the place that the person considered his or her residence in preference to any other for at least ~~28~~ 10 consecutive days before an election. If this place is within the municipality, the person is entitled to all the privileges and subject to all the duties of other citizens having their residence there, including voting.

SECTION 13. 6.15 (1) of the statutes is amended to read:

6.15 (1) **QUALIFICATIONS.** Any person who was or who is an eligible elector under ss. 6.02 and 6.03, except that he or she has been a resident of this state for less than ~~28~~ 10 consecutive days prior to the date of the presidential election, is entitled to vote for the president and vice president but for no other offices. The fact that the person was not registered to vote in the state from which he or she moved does not prevent voting in this state if the elector is otherwise qualified.

SECTION 14. 6.15 (2) (a) of the statutes is amended to read:

6.15 (2) (a) The elector's request for the application form may be made in person to the municipal clerk of the municipality where the person resides. Application may be made not sooner than ~~27~~ 9 days nor later than 5 p.m. on the day before the election, or may be made at the proper polling place in the ward or election district in which the elector resides. If an elector makes application before election day, the application form shall be returned to the municipal clerk after the affidavit has been signed in the presence of the clerk or any officer authorized by law to administer oaths. (2) Subject to s. 343.14 (2p) (b), for the purpose of carrying out its functions under sub. (1), the commission shall obtain the following information from the department of transportation, to the extent that the department has the information:

(a) The full name of each individual who holds a current operator's license issued to the individual under ch. 343 or a current identification card issued to the

(3) The commission shall compare the information obtained under sub. (2) with the information in the registration list under s. 6.36 (1) (a). If the commission is unable to resolve the discrepancy, the information in the registration list shall control.

(4) If the commission concludes that an individual appears eligible to vote in this state but is not registered and the commission has obtained from reliable sources all the information required under s. 6.33 (1) to complete the individual's registration, the commission shall enter the individual's name on the registration list maintained under s. 6.36 (1) (a). (1), the commission shall attempt to obtain from reliable sources the necessary information under s. 6.33 (1) that is required to complete the individual's registration. If an elector's status has been changed from eligible to ineligible under s. 6.50 and the elector's eligibility, name, or residence has not changed, the commission may not change the individual's name to eligible status unless the commission first verifies that the individual is eligible and wishes to change his or her status to eligible.

whose name is added to the registration list by the commission may file a request with the commission or a municipal clerk to have his or her name deleted from the list. A request for exclusion or deletion shall be filed in the manner prescribed by the commission. An individual who files an exclusion or deletion request under this subsection may revoke his or her request by the same means that an individual may request an exclusion or deletion. The commission shall ensure that the name of any individual who has filed an exclusion or deletion request under this subsection is excluded from the registration list or, if the individual's name appears on the list, is removed from the registration list and is not added to the list at any subsequent time unless the individual files a revocation of his or her request under this subsection.

(8) If the commission removes from the registration list maintained under s. 6.36 (1) (a) the name of an elector who does not request that his or her name be deleted, or changes the elector's status from eligible to ineligible, other than to correct an entry that the commission determines to be a duplication or to change the name of an individual who is verified to be deceased to ineligible status, the commission shall mail the individual a notice of the removal or change in status by 1st class postcard at the individual's last-known address. The notice shall provide that the individual may apply to have his or her status changed to eligible if he or she is a qualified elector.

(9) The commission shall attempt to facilitate the initial registration of all eligible electors as soon as practicable.

(10) The commission shall maintain the confidentiality of all information obtained from the department of transportation under sub. (2) and may use this information only for the purpose of carrying out its functions under sub. (1) and s. 6.34 (2m) and in accordance with the agreement under s. 85.61 (1).

SECTION 19. 6.29 (2) (a) of the statutes is amended to read:

6.29 (2) (a) Any qualified elector of a municipality who has not previously filed a registration form or whose name does not appear on the registration list of the municipality may register after the close of registration but not later than 5 p.m. or the close of business, whichever is later, on the Friday before an election at the office of the municipal clerk and at the office of the clerk's agent if the clerk delegates responsibility for electronic maintenance of the registration list to an agent under s. 6.33 (5) (b). The elector shall complete, in the manner provided under s. 6.33 (2), a registration form containing all information required under s. 6.33 (1).
