

Fiscal Estimate Narratives

ELEC 10/6/2021

LRB Number 21-2134/1	Introduction Number AB-0511	Estimate Type Original
Description relocating the offices of the Elections Commission		

Assumptions Used in Arriving at Fiscal Estimate

Any potential move would require inventory of current WEC assets to determine the potential moving company costs. WEC would need to work with DOA to navigate the state procurement process for bidding the move based on asset inventory. At this point, WEC has not completed inventory and is unable to obtain an estimate on moving costs.

DOA Building Management is responsible for securing office space for WEC and negotiates all rental property contracts and lease agreements. WEC does not have any knowledge of the costs for leased office space in the City of Wausau and does not control the state process for procuring office space. WEC will work with DOA to obtain those costs and will update this estimate when that information is obtained.

Long-Range Fiscal Implications
