<b>Description</b> requiring the repeal of hunting, trapping, and fishing administrative rules in conjunction with promulgation of new rules					

**Assumptions Used in Arriving at Fiscal Estimate**

The bill would require the Department to eliminate three hunting or fishing regulations every time it enacts a new hunting or fishing regulation.

I. Assumptions

The bill would increase operational costs to prepare hunting and fishing regulation changes since additional staff time would be needed to analyze which regulations will be eliminated.

II. Fiscal Effect

The fiscal effect of the bill is indeterminate. The bill contains no policy direction on which specific hunting or fishing regulations should be eliminated. The Department would need to re-prioritize work effort to review and rank hunting and fishing regulations and determine the impact upon the species, the user groups involved, the fiscal impact, and the operational changes required.

**Long-Range Fiscal Implications**
