<b>Description</b> tuition and fees at University of Wisconsin System institutions and technical colleges and COVID-19 vaccination requirements		

**Assumptions Used in Arriving at Fiscal Estimate**

Assembly Bill 741 requires a Wisconsin Technical College to refund to a student all current and previously charged tuition and fees associated with the students enrollment in a program if the following apply:

- The technical college requires the student to be vaccinated against COVID-19 as a condition of participation;
- The technical college refuses an exemption for the student to this requirement to accommodate the student's sincerely held religious beliefs or personal convictions; or
- The technical college prohibits the student from participation in the program because of the student's failure to be vaccinated against COVID-19 and the student's participation is therefore temporarily or permanently discontinued.

**Long-Range Fiscal Implications**

If the proposed legislation is enacted, it is unknown how many technical college students have been impacted by the provisions outlined under the bill and the local fiscal effect is indeterminate.
