

Fiscal Estimate Narratives

UWS 1/25/2022

LRB Number 21-5290/1	Introduction Number AB-0748	Estimate Type Original
Description tuition rates for children of University of Wisconsin System alumni		

Assumptions Used in Arriving at Fiscal Estimate

This bill requires the Board of Regents to provide a nonresident tuition exemption to students that are the children of UW System alumni. A surcharge of up to 20% could be established by the Board of Regents.

Long-Range Fiscal Implications

While a definitive estimate cannot be developed until the program guidelines are established, the UW System estimates this could result in more than a \$50,000,000 decrease in tuition revenue for the System.
