<b>Description</b> payment processing equipment and services for farmers and farmers' markets and making an appropriation					

### Assumptions Used in Arriving at Fiscal Estimate

This bill requires the Department of Health Services to provide electronic benefit transfer and credit and debit card processing equipment and services to farmers' markets and farmers who sell directly to consumers as a payment processing program.

The bill provides additional funding for special education.

This bill transfers a total of \$230,000 to s. 20.255 (2) (b) to increase the annual GPR appropriation aids for special education under s. 115.88 in fiscal year 2021-22. This would increase the appropriation from \$468,091,800 to \$468,321,800 in FY22. An increase of \$230,000 for the 2022-23 fiscal year is included. This would increase the appropriation from \$517,890,000 to \$518,120,000 in FY23.

This would increase the payments paid under the appropriation by the Department of Public Instruction to school districts, independent charter schools, cooperative educational service agencies, and county children with disabilities education boards distributed by the funding formulas.

State: Direct impact

Increase to appropriation s. 20.255 (2) (b) Aids for special education and school age parents program by \$230,000 in FY2021-22 and by \$230,000 in FY2022-23.
