## Fiscal Estimate Narratives

DOR 2/25/2021

LRB Number	<b>21-0157/1</b>	Introduction Number	<b>SB-119</b>	Estimate Type	<b>Original</b>
<b>Description</b> decreasing shared revenue payments to municipalities based on decreased funding for law enforcement officers					

### Assumptions Used in Arriving at Fiscal Estimate

Under the bill, if in any year a municipality decreases the amount of its municipal budget dedicated to hiring, training, and retraining law enforcement officers so that it is less than the amount dedicated to that purpose in the previous year, the municipality will receive a county and municipal aid payment that is reduced by the amount of that decrease. The amount of the reduced payment that the municipality receives becomes the amount of the county and municipal aid that the municipality will receive in subsequent years. The bill provides that the amount of all such reductions will be distributed to the municipalities that did not reduce their law enforcement budgets in proportion to each municipality's share of the total amount of county and municipal aid payments.

The fiscal estimate is indeterminate as the department does not have law enforcement budget data available for municipal governments. However, comparing law enforcement expenditures as reported through the Municipal Finance Report (MFR) yields the following comparisons. Comparing 2017 and 2018 MFR data finds that 253 municipalities reported lower law enforcement expenditures totaling -\$4,573,200. Overall expenditures for 2018 (1,210,695,600) were \$27,703,800 more compared with 2017 (\$1,182,991,800). Comparing 2018 and 2019 data finds that 253 municipalities reported lower law enforcement expenditures totaling -\$13,137,500. Overall expenditures for 2019 (\$1,226,899,800) were \$16,204,200 more compared with 2018 (\$1,210,695,600). Levy limits are a likely factor in the declining law enforcement expenditures as municipalities with decreases have a smaller average increase in net new construction.

With regards to administrative costs, the department cannot absorb one-time programming costs of \$108,900 and annual operating costs of \$6,400.

### Long-Range Fiscal Implications

## Fiscal Estimate Worksheet - 2021 Session

Detailed Estimate of Annual Fiscal Effect
