

## Fiscal Estimate Narratives

UWS 6/9/2021

LRB Number	<b>21-3424/1</b>	Introduction Number	<b>SB-377</b>	Estimate Type	<b>Original</b>
<b>Description</b> University of Wisconsin System resident undergraduate tuition and fees					

### Assumptions Used in Arriving at Fiscal Estimate

The bill would prohibit the Board of Regents of the UW System from increasing resident undergraduate student tuition by more than the increase in the consumer price index (CPI) for the previous year. The bill would define CPI as the consumer price index for all urban consumers, U.S. city average, as determined by the U.S. Department of Labor. Also, for purposes of the bill, "resident undergraduate tuition" would be defined to include any differential tuition and mandatory fees charged to a resident undergraduate student.

The provisions would apply to the tuition and fees charged for the first semester or session beginning at least 30 days after the effective date of the bill.

This estimate is based upon Fiscal Year 2021 tuition rates including campus-wide differentials and segregated fees times the number of resident undergraduate full time equivalent (FTE) students in the fall of 2020 including Minnesota reciprocity students.

This estimate was calculated using both a 1 percent increase and also using the consumer price index (CPI-U). The CPI-U from December 2019 to December 2020 was 1.36 percent.

### Long-Range Fiscal Implications

We estimate a 1 percent increase in resident undergraduate tuition and fees would increase revenue by approximately \$8,786,000 and a 1.36 percent increase would increase revenue by approximately \$11,347,000.

Please see attachment for breakout by institution.

SB 377 Tuition Increase Estimate for the University of Wisconsin System

One Percent 1.00%
