Fiscal Estimate Narratives

WTCS 9/1/2021

LRB Number	21-3208/1	Introduction Number	SB-487	Estimate Type	Original
Description resident tuition at University of Wisconsin System institutions and technical colleges for children and spouses of certain members of the armed forces					

Assumptions Used in Arriving at Fiscal Estimate

The proposed legislation would enable a child or spouse of a relocated active duty service member to qualify for resident tuition at a Wisconsin technical college who meet the following criteria:

- The person is the child or spouse of an active duty member of the US armed forces and the person has been accepted for admission to a district school.
- The service member resided in Wisconsin at the time the person was accepted for admission to a district school but the service member was subsequently relocated and stationed in another state.
- After the person's admission and initial enrollment in a district school, the person has remained continuously enrolled in the district school.

Long-Range Fiscal Implications

If the proposed legislation was enacted, the Wisconsin Technical College System districts would see a small reduction in tuition revenue.
