Description grants for free and charitable clinics; funding for special education, the University of Wisconsin System, and the technical college system; and making an appropriation		

Assumptions Used in Arriving at Fiscal Estimate

SB-576 provides the Wisconsin Department of Health Services with \$2,500,000 for grants to free and charitable clinics in 2021-22 and 2022-23. If the grants are awarded, the bill, among other provisions, increases the Wisconsin Technical Colleges System's (WTCS) appropriation 20.292 (1)(d) by \$59,200 in the fiscal year in which the grants are made.

The increase must be used for the purpose for which the appropriation is made, which is for general state aid for Wisconsin's 16 technical colleges. As a result, the 16 WTCS colleges would, as a whole, receive an annual revenue increase of \$59,200 in the years the grants were made. There are no costs to the WTCS colleges.

Long-Range Fiscal Implications

None.
