Description decriminalizing fentanyl testing strips					

Assumptions Used in Arriving at Fiscal Estimate

This fiscal estimate is submitted by the Director of the State Prosecutors Office on behalf of Agency 475 – District Attorneys. This fiscal estimate is responsive only to the fiscal and resource effect of the proposed legislation on the District Attorney program.

This bill decriminalizes the use of fentanyl testing strips to test a substance for the presence of fentanyl. Under current law, fentanyl testing strips are considered drug paraphernalia, and it is a felony for any person to use or possess with intent to use drug paraphernalia. The bill excepts fentanyl testing strips from the definition of “drug paraphernalia.”
