Assumptions Used in Arriving at Fiscal Estimate

This bill would require the department to administer a food security grant program, under which it must provide grants to food banks, food pantries, and other nonprofit organizations fighting food insecurity for purchasing food products that are made or grown in the state. The bill creates a new GPR appropriation of 10,000,000 for each year of the 21-23 biennium.

In 2020, the department developed, promoted and administered the CARES food security program grants. The CARES food security program grant utilized 2.0 LTE positions to develop, promote and administer the program over the course of 5 months. In this bill, the amount and scope of the food security initiative is smaller.

This bill would require an increase of staff time equivalent to a 0.75 FTE which would not be able to be absorbed within the agency's existing budget and staff.

Long-Range Fiscal Implications
