## Fiscal Estimate Narratives

DOR 11/9/2021

LRB Number	21-5164/1	Introduction Number	SB-676	Estimate Type	Original
<b>Description</b> requiring universal changing stations in certain buildings and creating a tax credit for installation of the stations					

### Assumptions Used in Arriving at Fiscal Estimate

This bill requires businesses to install a universal changing station and provides a tax credit to businesses with fewer than \$1 million in gross receipts or fewer than 30 employees for the installation of a universal changing station. The tax credit is equal to 50 percent of the amount the small business paid to install the universal changing station, up to a maximum credit of \$5,125. The credit applies for taxable years beginning after December 31, 2021.

### Fiscal Effect

The bill will result in a revenue decrease. The magnitude of the decrease is indeterminate as data to make such an estimate do not exist. However, the following information is provided for illustrative purposes.

According to taxpayer data, 33% of businesses will qualify as a small business with less than \$1,000,000 in gross receipts. Tax returns do not disclose how many employees an employer has. Using building permit information from the City of Madison, the city issues approximately 650 commercial building permits a year for renovations/expansions. The City of Madison's GDP is around 5% of Wisconsin's GDP, and assuming the distribution of building permits mirrors the distribution of GDP, we can assume a state-wide estimate of 12,569 building permits annually ( $650/0.052$ ). If we assume that one-third of those are small businesses, that implies 4,117 permits will qualify for the credit. Multiplying by the maximum amount of credit, \$5,125, the bill would decrease revenues by \$21.1 million annually.

The estimate may be larger or smaller depending on the amount of businesses that take advantage of the credit. The estimate may also be smaller depending on how many claimants do not receive the maximum value of the credit. The estimate may be larger depending on how many businesses qualify for the credit based on the employment threshold.

### Long-Range Fiscal Implications

## Fiscal Estimate Worksheet - 2021 Session

Detailed Estimate of Annual Fiscal Effect
