Assumptions Used in Arriving at Fiscal Estimate

Under current law, a technical college district board is among several statutorily listed entities known as a charter school authorizer. Additional authorizers include a school board, the Office of Educational Opportunity in the UW System, the City of Milwaukee, the chancellor of an institution in the UW System, a technical college district board, the county executive of Waukesha County, the College of Menominee Nation, and the Lac Courte Oreilles Ojibwa Community College. Charter school authorizers may contract with a person to operate a charter school.

SB-965 provides that a contract to operate a charter school between a school board and a charter school governing board must allow the governing board to open additional charter schools if all of the charter schools operated by the governing board are in one of the top two performance categories on the Department of Public Instruction's most recent school and school district accountability report.
