ACT MEMO

Prepared by: David Moore, Senior Staff Attorney

April 21, 2022

2021 Wisconsin Act 172
[2021 Senate Bill 640]

Mileage Disclosure

Prior law required that a person applying to the Department of Transportation (DOT) for a certificate of vehicle title include on the application, among other information, a disclosure of the vehicle's mileage if the vehicle is less than 10 years old.

Under 2021 Wisconsin Act 172, a person must disclose a vehicle's mileage on an application for a certificate of title if the vehicle is of a model year 2011 or later and is less than 20 years old. The act first applies to applications for certificate of title received by the DOT on the act's effective date.

Effective date: March 13, 2022
